

## WHO WE ARE

BHE GT&S is a subsidiary of Berkshire Hathaway Energy and is committed to providing customers with safe, reliable, efficient and sustainable solutions through its interstate natural gas transmission, storage and liquefied natural gas (LNG) assets.

- 10 states of operation
- 1,600 employees
- 5,400 miles of transmission line
- 420 bcf of working storage
- LNG operations in Lusby, MD; Jacksonville, FL; Trussville, AL; and Wyalusing, PA.

We are in business to serve our customers.  
Fairly, Efficiently and Reliably.

### **CAROLINA** GAS TRANSMISSION

- Transportation-only service provider
- 70% of SC's natural gas
- Owns and operates nearly 1,500 miles of transmission pipeline
- Wholesale customers including power generators, industrials, LDC's, municipalities, and energy marketers

### **EASTERN** GAS TRANSMISSION AND STORAGE

- 4,000 miles of pipeline across six states (MD, NY, OH, PA, VA, WV)
- 9.5 bcf of natural gas designed availability
- 420 bcf of working storage
- Provides natural gas transportation and storage services with one of the largest underground natural gas storage systems in the U.S.

### **COVE POINT** LNG

- 14.6 BCF storage capacity; 1.8 BCF daily send-out capacity and 9.1 million gallons per day of export capacity
- 415+ LNG cargoes since 2018 to 30 countries

### **PIVOTAL** LNG

- JAX LNG in Jacksonville, FL: 360,000 gallons per day of liquefaction capacity. 4 million gallons of on-site storage serving maritime and on-road trucking
- Trussville LNG in Trussville, AL: 60,000 gallons per day of liquefaction capacity. 4.8 million gallons of on-site storage
- Towanda LNG in Wyalusing, PA: 50,000 gallons per day of liquefaction capacity. 180,000 gallons of on-site storage

### **EASTERN** GATHERING AND PROCESSING

- 220,000 Mcf/day processing capacity
- 560,000 gal/day fractionation capacity
- Products extracted: propane, butane, iso butane, natural gasoline
- Flexible loading onto pipe, rail, truck, barge

## CUSTOMER SERVICE

In the 2023 Mastio & Company Natural Gas Transportation Study, CGT ranked second and EGTS ranked fourth overall.

## REGULATORY INTEGRITY

As we continually work to achieve balanced outcomes for all stakeholders, we share insight into the energy of our customers and work cooperatively with regulators, legislators and other stakeholders to build a secure, sustainable energy future for those we serve.

## SAFETY

BHE GT&S is an American Gas Association leader in accident prevention in large & medium transmission categories. Continuous improvement of Pipeline Safety Management Systems Program to improve safety.

## OPERATIONAL EXCELLENCE

Together with our employees, we pride ourselves on excellence in every aspect of our work. Our high standards for operations and system maintenance enable us to meet and exceed our customers' expectations, perform our work safely and preserve our assets.

## COMMUNITY ENGAGEMENT

BHE GT&S has a \$1.1M annual philanthropic budget allocated through a Community Investment Board (CIB) in each state. Areas of giving include:

- Environment
- Community Enhancement
- Arts & Culture
- Education/STEM
- Safety & Wellness

## ENVIRONMENTAL RESPECT

BHE GT&S' businesses have long histories of protecting the environment while advancing the services we provide. Using natural resources wisely and protecting our environment for future generations. BHE GT&S is part of ONE Future Coalition, a group of more than 45 natural gas companies working to voluntarily reduce methane emissions across the natural gas value chain to 1% or less by 2025 — a goal BHE GT&S has already reached. BHE GT&S' Environmental RESPECT Policy details our commitment in the areas of Responsibility, Efficiency, Stewardship, Performance, Evaluation, Communication and Training.

## FINANCIAL STRENGTH

Backed by Berkshire Hathaway, BHE GT&S invests in valuable assets with a focus on long term opportunities that will contribute to the future strength of the company.
