REGULATORY COMMISSION

# Clinton County Economic Partnership

6 January 2025

Honorable Debbie-Anne A. Reese, Secretary  
Federal Energy Regulatory Commission  
888 First Street, NE  
Washington, DC 20426

**RE: CP-25-29-000, Eastern Gas Transmission & Storage, Inc. Capital Area Project**

Dear Ms. Reese,

The Clinton County Economic Partnership is the local County backed non-profit voice for business, growth, infrastructure and tourism for Clinton County, Pennsylvania. We advocate for the prosperity within Clinton County, for the betterment for all those involved.

Finnetrock station sets in our north central region of Clinton County, they employ many people from this site and support locally many jobs from their activities, so they are a critical partner within our community that provides very needed jobs in a very depressed area. The proposed project will further support local jobs during and after the construction, and we view them as irreplaceable given the location.

Not only is this project critical to Clinton County, but it is also a critical project that supports the needs of our neighboring states, providing gas to those communities for everything from heating to energy for those communities.

Ultimately this project is very important to Clinton County, Pennsylvania, and the United States for growth.

Sincerely,

A handwritten signature in black ink, appearing to read "David Harger".

David Harger | Interim CEO
